**New Arrivals Alliance Consultant Opportunity
Closes 7 August 2023**

Only a few days left to apply for this fantastic consultancy opportunity!

Help us shape the provision for new arrivals (asylum seekers & refugees) in Derby.

Deadline: 5pm, Monday 7 August

Community Action Derby (CA) and New Arrivals Alliance (NAA) members are working together and are seeking a suitably qualified consultant or consultancy to undertake an appraisal and produce a report with recommendations for a collective Voluntary Sector approach to supporting new arrivals in Derby.

The New Arrivals Alliance brings together a range of voluntary sector organisations in Derby, in order ensure every new arrival* to the city receives the support at the point of need, from the most appropriate organisation(s). The New Arrivals Alliance will create a model enabling a managed and coordinated single entry point approach, ensuring all new arrivals are first referred to a single lead organisation, who then refer on to other organisations and services, depending on the needs/goals of the individual.

**New arrivals are defined for this purpose as asylum seekers (with or without Home Office support), refugees and those arriving through resettlement schemes (who may not have refugee status but have been granted leave to remain and have similar support needs).*

The benefits of such an alliance would allow for a coordinated sector-wide approach to welcoming, supporting and integrating new arrivals in the city, and creating more equity of service provision for those arriving through different routes (such as those in the asylum system and those part of resettlement schemes).

Interested parties are expected to submit an outline that clearly shows how you aim to deliver the brief, a timeline, and your expected cost for delivery by 5pm, Monday 7 August.
