

CHESTERFIELD
BOROUGH COUNCIL

Climate change
affects us all, but
individual
actions add up.

Chesterfield Borough Council
launched a new Climate Change
Forum last year, inviting
community representatives to help
shape how we tackle climate
change.

The Climate Change Forum is open to everyone

Chesterfield Borough Council - Climate Change Forum

Chesterfield Borough Council launched a new Climate Change Forum last year, inviting community representatives to help shape how we tackle climate change. The group have met three times now – acting as a sounding board, commenting on current projects, suggesting new ideas and helping to raise awareness about climate projects happening either through the council or locally. Forum members bring a range of knowledge and expertise from the business and education sectors, climate groups and other community organisations. The Climate Change Forum is open to everyone and you don't need to be an expert in climate change to take part. The forum are currently developing their own action plan and are meeting again on Thursday 6th June 2024 at 6.00pm – 8.00pm. To register your interest or find out more details about the forum please email climate@chesterfield.gov.uk
