

LAUNCH EVENT

Tuesday 16th April 10:00am - 3:00pm
The Post Mill Centre, South Normanton, DE55 2EJ

Join us as we launch an innovative new network connecting and supporting community hubs across Derbyshire and Derby City

Would you like to join us as we launch an innovative new network connecting and supporting community hubs across Derbyshire and Derby City?

Introducing the Derbyshire Community Hubs Network.

This network will create a strong community of supportive relationships to unlock the potential of community hubs across our region.

The network will learn from each hub's experiences, enable peer support, joint training, and knowledge sharing. To support development, funding is available for capacity building in each of our eight Place Alliance areas.

The launch event is planned to be a welcoming space to gather and begin to explore the potential of the network. With a creative, purposeful agenda we will explore ideas and collaborate to develop an approach with the network members as the focus.

Book your place here [Derbyshire Community Hubs Network Launch event](#)

It would be great to have you involved from the very beginning of this exciting project!

If you have any questions please contact Clare, Derbyshire Community Hubs Project Lead on hubs@dva.org.uk

Wondering if you're a HUB?

WHAT IS A COMMUNITY HUB?

A group of people who gather for companionship and purpose

An inclusive space that is welcoming to new people

An opportunity to get involved in your community

A place where we can support each other as we walk through life

Run in many types of spaces by many types of organisation

May have its own building or may operate in someone else's space

WHAT ISN'T A COMMUNITY HUB?

Not just a community-run building

Not a controlled space - it's a facilitated community of people

Not a project - it's a space which can thrive sustainably

Not a closed group: it welcomes new people to join in

Not a division of service provider & service user: everyone has something to offer to the community
