This is an East Midlands Combined County Authority (CCA) campaign being coordinated by public sector PR agency, BakerBaird Communications, with support from CCA partners:

- The four upper tier councils leading on the creation of a CCA are Derbyshire County Council, Derby City Council, Nottinghamshire County Council and Nottingham City Council.
- Those supporting devolution include local leaders across the political spectrum, the East Midlands Chamber of Commerce, the East Midlands D2N2 Local Enterprise Partnership (LEP), the University of Derby, Nottingham Trent University, and the University of Nottingham, as well as all local district and borough councils.

## How you can help

 We ask all regional partners to support this activity by scheduling a cascade of information in line with our activity to your staff, stakeholders, networks and community groups where possible.

One of our key priorities is to try as hard as we can to get the vote campaign messages out to community and faith groups, particularly among hard-to-reach sections of our communities. We can help by providing prepared content for you, or for content you can adapt.

- A more detailed toolkit can be provided which includes key messages, timeline and sample assets: please do get in touch if you would like the toolkit
- Please help us grow these channels by following them from your organisations' pages and sharing content:
  - Facebook: East Midlands Devolution EastMidsCCA
  - X: East Midlands Combined County Authority @EastMidsCCA
  - YouTube: East Midlands Combined County Authority @EastMidlandsCCA

  - Campaign hashtag #VoteEastMidsMayor
  - Campaign website <u>www.voteeastmidlandsmayor.co.uk</u>
  - Existing EM Devolution website <u>www.eastmidlandsdevolution.co.uk</u>
- Do let us know where any deadlines for publications need to be met and the team will support you with content.
- Please let us know if you do plan to share / publish media releases so we can
  ensure coordination across the piece with other activity so that we can
  maximise the impact from our content.
- Please share with your colleagues/workforce internally and others you deem appropriate.
- Approved artwork will be held in this <u>shared Google Drive folder</u> as it's available. We will flag up any area specific content to comms leads from those areas directly.
