**The Digital Champions Network**

[Digital Champions Network](#)

[new quick videos](#)

The Digital Champions Network offers over [25 CPD accredited courses](#) to help champions help other people to develop the motivation, skills and confidence to get online and make the most of digital tools. It also has numerous other resources and there are regular meet-ups so that champions and project managers can learn from one another.

**The Inspire Course**

[Inspire course](#)

The Inspire course is a very quick course (under an hour) that raises awareness of digital exclusion, how much of a problem it is and who it affects including those who are particularly vulnerable in society. It encourages learners to make a pledge to do something to help someone around them with getting online or using digital tools.

*Organisations across all sectors use these tools to help people get online and make the most of an increasingly digital world. You can explore a number of [case studies](#) should you wish to do so.*
