Got something to shout about?

This year at The Voluntary Sector Awards, we're making space at the back of the auditorium for groups and organisations to set up a display. It's a great chance to put up a stand, hand out some leaflets, or just have a chat with people who want to know more about what you do.

Once the awards kick off, you can grab a seat and enjoy the event.

Interested? Drop Dave a message at dave@chesterfieldvc.org.uk and we'll save you a spot!

We have had an email from a gent wanting to get into volunteering.

Are You a Charity in Need of Software Support?

I'm a software developer currently seeking opportunities to apply my skills to meaningful projects. While I work toward securing a full-time role, I'm offering my time and expertise to charities or non-profits that need help with software development—whether it's building or improving a website, creating tools to streamline your operations, or solving technical challenges.

If your organization could benefit from technical support, I'd love to contribute.

Let's connect and see how I can help your cause.
