Subject: **Non-Prescriptive - a magazine for Social Prescribing in Derbyshire**

I'm reaching out to share with you a link to the online version of Arts Derbyshire's new Non-Prescriptive magazine about Social Prescribing in Derbyshire. This is a cross-sector co-produced magazine, facilitated by artist Kate Genever and the creative health team here, and with and by people who are involved with Social Prescribing in some way, or who have something to offer to the thinking and practice of the field.

There is a linked Padlet space that you can access via QR codes in the magazine. This can be used to share your thoughts and feedback on any of the articles you read, and to share any thoughts you may have for future topics, or people you think we might want to include.

We did have some hard copies of the newspaper printed and have some available, so let me know if you would like one sending in the post. I have to admit, the printed version is lovely with a cuppa and a bikkie! I'm away for a couple of weeks now but do contact admin@artsderbyshire.org.uk for a copy.

Please share the link with your networks too. Although it's primarily for Derbyshire, much of the content is relevant to anyone with a link to, or interest in, Social Prescribing.

Here's the [link](#)

Take good care

Deborah
