Subject: Ready to help young people be Unstoppable?

If you work with NEETS in NE Derbyshire or Chesterfield then this may be of interest to you and your young people.

There's an open day taking place on Monday 18th August to find out more, plus we will be looking for more young people to take part in the programme, so if you can't make it on Monday then please do share the info about the project widely.

We are also keen to make contact with organisations who can offer services, support and help for our young people.

Thanks

Colleen

Ready to help young people be Unstoppable?

Derbyshire County Council is launching a new programme - Unstoppable Derbyshire, aimed at helping young people achieve their full potential.

Unstoppable Derbyshire is for young people living in North East Derbyshire and Chesterfield who are aged 18 – 21 years old and currently not in education, employment or training (NEET)

The programme will support them to identify and achieve their goals - whether that's gaining more confidence, getting into work, back into education or finding training and apprenticeships.

Support includes advice around mental health, finances, health and wellbeing and employment.

If you work with young people then come along and find out more. We've be holding an informal meet and greet at The Quad, Chesterfield on Monday 18 August between 11am – 3pm.

Staff and young people are welcome to pop in have a chat and find out more about how the programme could benefit them.

To find out more email ASCH.Unstoppable@derbyshire.gov.uk call 01629 537607 or [visit our new Unstoppable Derbyshire website](#)

The drop in will be at The Quad, Dock Walk, Boythorpe Road, Chesterfield, S40 2GQ.
Room C2.

Officer contact Rebecca Weeks and Angela Burns.
